

VOTE ON AMENDMENTS TO LOCAL BY-LAWS - AMENDMENT #1

7.1 Cellular Devices

The Local will purchase up to five (5) cellular devices capable of communicating in a manner consistent with the needs of the Local as determined by the LEC. Any device purchased by the Local is the property of the Local.

The Local will choose cellular device plans, which are fiscally responsible, capable of meeting the needs of the Local, and do not carry a period of commitment. Plans are to be reviewed annually by the LEC and presented to the membership as part of the budget at a GMM.

7.2 Allowances

Communication allowances will be provided to members if they elect to use their personal cellular device and plan. Members will be permitted to claim the monthly amount of the plan that would have otherwise been provided by the Local or the actual cost of the member's plan, whichever is less.

~~The Local will choose cellular device plans, which are fiscally responsible, capable of meeting the needs of the Local, and do not carry a period of commitment. Plans are to be reviewed annually by the LEC and presented to the membership as part of the budget at a GMM.~~

7.1 Communication Allowance

Communication allowances in the amount of \$25 per month will be provided to LEC members if they elect to use their personal cellular device and plan.

Rationale:

This will save the local roughly \$5000 per year as we will not be purchasing physical devices. The numbers based on our current LEC is projected to be \$3900 per year, which is less than the \$5000 budgeted. That will be a savings of \$1100.

VOTE ON AMENDMENTS TO LOCAL BY-LAWS - AMENDMENT #2

x.x Retired Members Division Membership

Upon the retirement of any Support Staff, the local will cover the membership fee to the OPSEU Retired Members Division.

Rationale:

This will help our members maintain the benefits of being an OPSEU member and keep them connected upon retirement. The lifetime membership to join the RMD is \$10.
